

MICRO-GRANULAR APPLICATOR TESTING

The Sustainable Use Directive (SUD)* requires all pesticide application equipment to be tested by the relevant dates.

SUD requirements

- a. First test due before the machine is 5 years old
- b. Re-test every 6 years

Crops and Fresh Produce Assurance Scheme requirements

- a. Annual testing of granular nematicide applicators
- b. All other equipment to SUD timescales

* The legal requirements are contained in the Plant Protection Products (Sustainable Use) Regulations 2012

Further information about granular nematicide use can be found at:
